Graduate Medical Education

MSM offers residency programs in Family Medicine, Internal Medicine, Obstetrics and Gynecology, Pediatrics, Psychiatry, Public Health and Preventive Medicine, and General Surgery. Grady Health System is our primary training hospital; however, we also collaborate with several affiliates in and around the Atlanta metropolitan area. These programs provide 'hands-on' experiences and the teaching support of an award-winning faculty. All residency programs are accredited by the Accreditation Council for Graduate Medical Education (ACGME) and participate in the National Resident Matching Program.
