M. GLOSTER  
SOCIETY  
2011

ANNUAL FUND

Morehouse School of Medicine is dedicated to improving the health and well-being of individuals and communities; increasing the diversity of the health professional and scientific workforce; and addressing primary health-care needs through programs in education, research, and service, with emphasis on people of color and the underserved urban and rural populations in Georgia and the nation.

# Vision

Class of 2010 celebrate at Commencement Ceremony.

**Morehouse School of Medicine will be the leading community-focused, research-driven, student-centered medical school, nationally recognized for its:**

- > Pre-eminence in conducting research and translating discovery into community solutions and improved patient care that contributes to the elimination of health disparities;
- > Model educational environment that nurtures and supports the achievement of academic excellence;
- > Leadership in creating models and best practices of integrative, culturally competent and community-empowered health and health care; and
- > Significant contributions to the diversity of the health-care and scientific workforce and the development of leadership committed to transforming the health of vulnerable populations and the nation's health-care system.

# The Power of Giving

As a relatively small, private institution with a large and lofty public mission, Morehouse School of Medicine is highly dependent upon extraordinary philanthropy. Given today's complex and challenging health professions' educational environment, it is vitally important that we continue to expand the number of donors and increase the level of contributions in support of our unique purpose.

Karla Booker, M.D., assistant professor of Clinical Family Medicine of Morehouse School of Medicine and Maternal Child Health Director of Family Medicine for Morehouse Medical Associates, with a young patient.

# In 2007 we launched the Hugh M. Gloster Society.

Named in honor of one of MSM's esteemed founders and the late president of Morehouse College, the Gloster Society was established to help grow philanthropy and to enhance our acknowledgment of exceptional generosity to the Annual Fund. Annual gifts support student scholarships, the library, and classroom and technology enhancements. Since 2007, approximately 300 individuals, corporations, and foundations have become members of the Gloster Society.

Extraordinary donors at the 2010 Recognition Dinner.

# The Louis C. Brown Vanguard Award

In 2009, Morehouse School of Medicine established the Louis C. Brown Vanguard Award. The award is named in honor of the late Atlanta internist and a founder of MSM. The Vanguard Award recognizes individuals whose pioneering spirit and demonstrated leadership have impacted issues of health disparities in Georgia and the nation.

## Past Vanguard Award Recipients

2009 Michael B. Russell and A.D. "Pete" Correll

2010 Regina Benjamin, M.D., '82, M.B.A.

The 2010 Vanguard Award recipient was *Regina Benjamin, M.D., '82, M.B.A.*, 18th U.S. Surgeon General. Benjamin was honored for her leadership and commitment to being an advocate for ending health disparities and reforming our national health care system and her demonstrated achievement in becoming "America's doctor."

2010 Louis C. Brown Vanguard Award presented to 18th U.S. Surgeon General Regina M. Benjamin, M.D., '82, M.B.A. Accepting the award on Dr. Benjamin's behalf was Acting Deputy Surgeon General David Rustein, M.D., '83, M.P.H.

**T.J. Holmes, CNN Correspondent, serves as the 2010 Gloster Society Dinner Master of Ceremonies.**

# Good Causes, Great Donors

Benefits of membership in the Gloster Society include, among others, attendance at an annual donor appreciation dinner hosted by the Morehouse School of Medicine president; listing in the membership book; preferred seating and parking at all events held at the Louis W. Sullivan National Center for Primary Care; participation in the MSM Health and Wellness program; and access to services of the MSM Library.

Jazz recording artist and writer, Kathleen Bertrand entertains at 2010 Gloster Society Dinner.

# Morehouse School of Medicine Facts

## STUDENTS

Student enrollment for 2010 – 2011 is 342. In 2010, nearly 4000 students applied to the Doctor of Medicine program. Fifty-seven were admitted. The Class of 2009 established an outstanding legacy: The Class achieved a 100 percent pass rate for first-time test takers on the U.S. Medical Licensing Examination (USMLE) Step 1; established an endowed scholarship for future M.D. students; and had a member complete the M.D. and Ph.D. programs simultaneously.

## RESIDENTS

- MSM has seven residency programs: Family Medicine, Public Health and Preventive Medicine, Internal Medicine, Obstetrics and Gynecology, Psychiatry, Surgery, and Pediatrics.
- Grady Memorial Hospital is the major teaching site for MSM students and residents. One of the largest public hospitals in the Southeast, Grady is internationally recognized.

## FACULTY

Morehouse School of Medicine employs more than 200 full- and part-time faculty members, many of whom are internationally recognized in their field. Among its faculty and leadership, MSM has four members elected to the prestigious Institute of Medicine.

## RESEARCH

The school's research stature and reputation have grown exponentially over the last decade. In 2009, MSM received more than \$54 million in National Institutes of Health funding. The outcomes of our research activities have resulted in the establishment of centers, institutes, and programs with our signature areas of research being cardio-metabolic diseases, cancer, HIV/AIDS, reproductive diseases and neurological disorders—all areas that disproportionately impact minority communities.
