VISION Leading the creation and advancement of health equity

MISSION
MSM is dedicated to:
- Improving the health and well-being of individuals and communities;
- Increasing the diversity of the health professional and scientific workforce;
- Addressing primary health care needs through programs in education, research, and service, with emphasis on people of color and the underserved urban and rural populations in Georgia and the nation.

VISION IMPERATIVES
- Translating Discoveries into Health Equity
- Building Bridges Between Health Care and Health
- Preparing Future Health Learners and Leaders

CORE VALUES
- EXCELLENCE: Achieving the highest level of performance in all endeavors
- SERVICE: Treating all people and communities with respect, compassion and empathy
- KNOWLEDGE: Sharing our ideas, discoveries, methods and skills to advance health equity
- WISDOM: Valuing the knowledge and experience of all individuals
- INTEGRITY: Upholding the highest standards of ethical behavior, transparency and accountability
- INNOVATION: Creating inspired solutions in science, service and education

Cored at Morehouse School of Medicine, T²™ symbolizes the exponential effect that implementation science has in communities. MSM T² represents the infinite stages of translation beyond T1 and T2. In this regard, the outcome of T² is health equity, the cornerstone of Morehouse School of Medicine’s vision.
