PRESENTS

Lunch & Learn: Intro to Research Commercialization and Resources

Join us on **March 29th** at the Morehouse School of Medicine **Hugh Gloster Classroom B171** from **11:30 am – 12:30 pm**, for one of many lunch and learn seminars on discovery, development, and commercialization of life science technologies and careers in industry. This seminar will focus on resources available to Morehouse School of Medicine researchers through the Georgia Research Alliance. After Dr. Herron's presentation, he will meet one-on-one with faculty that have projects eligible for GRA Ventures Program funding.

Please email OTT@msm.edu for more information

Speaker:

Lee Herron, DVM
Vice President,
Venture Development
Georgia Research Alliance
