FOR IMMEDIATE RELEASE

November 2, 2017

Two-thirds of APS Schools Increase on State CCRPI Scores

56 schools improve their Georgia accountability scores – 23 more than 2016

ATLANTA –Fifty-six schools in Atlanta Public Schools (APS) – about two-thirds of schools in the district and 23 more than in 2016 – showed gains on the state’s latest College and Career Ready Performance Index (CCRPI) results released today by the Georgia Department of Education.

The 10 schools that achieved the highest improvements are Crim High School (23.9 points), Centennial Academy (21.6), Thomasville Heights Elementary (19.5), Hollis Innovation Academy (18.9), Beecher Hills Elementary (17.9), Charles Drew Junior/Senior Academy (17.4), Hutchinson Elementary (15.4), Washington High (14.9), Douglass High (14.2) and Towns Elementary (13). A complete list of schools showing gains is attached in the appendix.

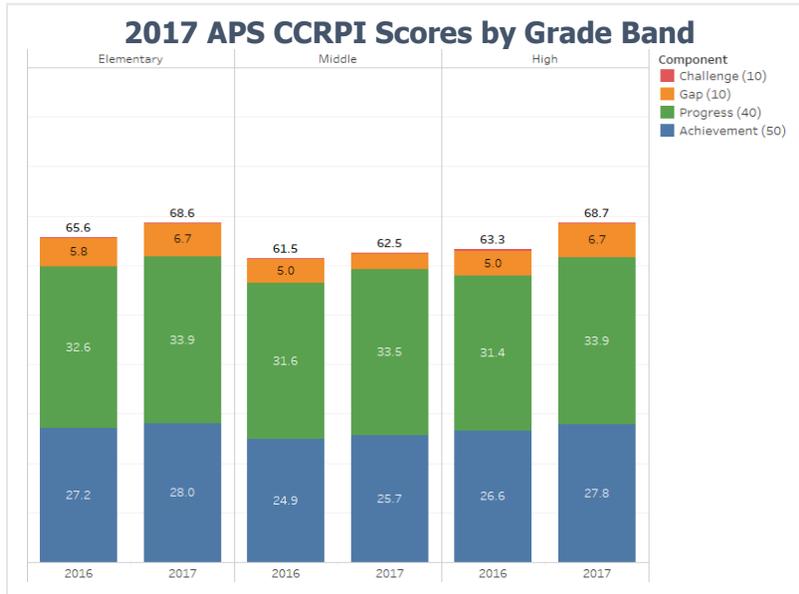

As a district, APS attained an increase of 3.1 points to 68.3 points, more than doubling the state’s gain of 1.4 points. The state CCRPI score was 75.0 points. APS has increased its score by 8.5 points in the five years since the introduction of CCRPI by the state in 2012.

CCRPI is the statewide education accountability system that measures schools and districts on a 100-point scale based largely on the Georgia Milestones assessment through a combination of three main components: 1) achievement (50 points), 2) progress (40 points) and 3) closing the achievement gap (10 points), with the possibility of 10 additional challenge points. See Appendix for explanation. The state index is intended to help parents and the public better understand how schools are performing compared to others in the district and state.

The scores also serve as the basis for the Governor’s Office of Student Achievement (GOSA) lists of schools that are “Beating the Odds” or perform higher than schools with similar characteristics. Those reports are expected to be released next month.

On the CCRPI, APS achieved increases on both the achievement and progress components across all three grade bands between 2016 and 2017. In the achievement gaps component, both elementary and high school grade bands achieved gains while the middle school grade band slightly decreased. See graph below.

For 2017, 15 APS schools scored at or above 80 on the CCRPI overall.

At the elementary level, these schools include Jackson (100.7), Morris Brandon (98.8), Mary Lin (97.8), Springdale Park (95.8), Morningside (94.7), Charles Drew Charter (87.9), West Manor (83.5), Centennial Academy (82.7), Burgess Peterson Academy (82.1) and Sarah Smith (80.8). At the middle school level, the schools include Inman (89.9), Charles Drew Junior/Senior Academy (86.8) and Centennial Academy (80.8). At

the high school level, the schools include Carver Early College (91.9), Charles Drew Junior/Senior Academy (91.5), Grady (83.6) and North Atlanta (81.7)

As a component of the 100-point score, schools achieving at least 37 out of 40 progress points include Beecher Hills Elementary (40), Centennial Academy (40), Crim High (40), Jackson Elementary (40), Coretta Scott King (39.7), Inman Middle (39.5), Morris Brandon Elementary (39.1), Towns Elementary (38.4), Cleveland Avenue Elementary (38.3), KIPP STRIVE Academy (38.3), Mary Lin Elementary (38.3), KIPP Vision Academy (37.7), Dunbar Elementary (37.6), E. Rivers Elementary (37.6), BEST Academy (37.2), Charles Drew Charter (37.2), Thomasville Heights Elementary (37.2) and Carver Early College (37.1).

16 Targeted Intervention Schools Results

School	2016	2017	Change
Thomasville Heights	40.3	59.8	19.5
Hollis Innovation Academy*	39.7	58.6	18.9
Towns	55.3	68.3	13
Boyd	45.2	56.3	11.1
Kimberly	46.4	57	10.6
Fain	39.8	48.5	8.7
Barack & Michelle Obama Academy	49.7	57.7	8
Finch	44.3	52	7.7
Gideons	51.2	58.4	7.2
Slater	54.3	60.9	6.6
Scott	47.1	53.5	6.4
Tuskegee Airmen Global Academy	55.5	60.4	4.9
Usher-Collier Heights	61.8	64	2.2
Woodson Park Academy*	51	52	1
F.L. Stanton	51.1	51.6	0.5
Perkerson	57.6	56.9	-0.7

*New or Merged School's Weighted 2016 CCRPI

The scores also show that the district has made considerable strides over the past two years as part of its Turnaround Strategy. Nearly all of the 16 district schools receiving targeted interventions

with additional resources saw gains in their CCRPI scores.

For the APS data report, click [here](#). To view detailed score reports for the state and every public school district in Georgia, visit the GADOE CCRPI [page](#).

“We are so proud that more and more of our schools saw gains on their CCRPI scores over the past year,” said APS Superintendent Meria Carstarphen. “Our students, teachers, administrators and staff have leaned into the hard work for higher achievement. The CCRPI scores are indicative of the progress they’ve made on our Journey of Transformation.”

The transformation framework for APS synchronizes the district’s mission, vision, strategic plan and other transformation elements, including the conversion to a charter system operating model, adoption of standards-based units of study for all grades, implementation of district-wide instructional practices, the launch of benchmark assessments and a focus on literacy and early childhood education.

“As we continue this Journey of Transformation using an established framework, we expect to see continued gains and progress,” Carstarphen said. “Following that strategy, I believe we position the district well for improved student achievement.”

Additionally, the APS Turnaround Strategy that focuses on the district’s lowest-performing schools includes education partnerships, operating-model changes, high-impact tutoring, math and reading specialists to directly support students, recruitment of respected turnaround school leaders, targeted professional learning for teachers and an accelerated roll-out of social emotional learning in schools. More information is available at www.atlantapublicschools.us/turnaround.

###

About Atlanta Public Schools

Atlanta Public Schools is one of the largest school districts in the state of Georgia, serving approximately 52,000 students across 88 schools. The district is organized into nine K-12 clusters with 67 traditional schools, 17 charter schools, two citywide single-gender academies and two alternative programs. For more information, visit www.atlantapublicschools.us, follow us on Facebook at <https://www.facebook.com/AtlantaPublicSchools/> and on Twitter [@apsupdate](https://twitter.com/apsupdate).

Carver High School	61.1	50.1	52.4	54.5
Forrest Hill Academy (9-12)*	31.8	25.1	36.8	31.2

Description of CCRPI Components

The base College and Career Ready Performance Index (CCRPI) score for each school is calculated from four components:

Achievement Points are worth 50 of the 100 CCRPI points and include 2016 student performance on state standardized tests such as the Georgia Milestones End of Grade (EOG) and End of Course (EOC), graduation rates, college admission exams and career pathways.

Progress Points are worth 40 of the 100 CCRPI points and measure the academic growth students achieve from year to year. Schools earn points for the percent of students whose academic performance on state tests in the 2015-2016 school year is considered typical or high compared to other Georgia students with similar test scores from 2014-2015.

Achievement Gap Points are worth 10 of the 100 CCRPI points. Schools earn points based on the average performance of the lowest 25 percent of students compared to the average performance of Georgia students statewide.

Challenge Points may be awarded for schools for performance on specific school-based measures and for meeting annual performance targets for students identified as economically disadvantaged, English learner or a student with a disability or supplemental Exceeding the Bar indicators as defined by the state.
