

Thirty-Ninth Fall Convocation & White Coat and Linning Ceremony

FRIDAY, SEPTEMBER FIFTEENTH
TWO THOUSAND AND TWENTY THREE
TEN O'CLOCK AM

Morehouse School of Medicine
720 Westview Drive SW
Atlanta, Georgia 30310

PROGRAM

Valerie Montgomery Rice, MD, FACOG

President and CEO

Call to Order

Cinnamon Bradley, MD, FACP

Associate Dean for Student Affairs Professor, Internal Medicine

Processional "Soar"

Words and music by Jerry E. Peters

Ms. Ida Mhunduru

Invocation

Rev. Marvin L. Crawford, MD, MDiv Chaplain

Associate Professor, Internal Medicine Senior Pastor, First Saint Paul African Methodist Episcopal Church

"The Star Spangled Banner"

Words by Frances Scott Key
Ms. Ida Mhunduru

"Lift Ev'ry Voice and Sing"*

Words by James Weldon Johnson Ms. Ida Mhunduru

Opening Remarks Valerie Montgomery Rice, MD, FACOG

President and CEO, Morehouse School of Medicine

Joseph A Tyndall, MD, MPH

Executive Vice President for Health Affairs and Dean

Class Remarks Chelsey Nwadike

President, GEBS Student Government Association

Acknowledgment of Donors/Awardees Valerie Montgomery Rice, MD, FACOG

Introduction of Speaker Joseph A Tyndall, MD, MPH

Executive Vice President for Health Affairs and Dean

Convocation Address Lawrence Edward Wineski, PhD

Professor and Chair Pathology and Anatomy

White Coat and Pinning Ceremony Martha Elks, MD, PhD, FACP, FACE

Senior Associate Dean, Educational Affairs Professor, Medicine and Medical Education

Pangela H. Dawson, PhD, MSPAS, PA-C

Assistant Dean, Physician Assistant Studies
Director, Master of Science in Physician Assistant Studies Program
Assistant Professor and Chair, Department of
Physician Assistant Studies

Danita Eatman-Daniels, PhD

Associate Dean, Graduate Studies Associate Professor, Medical Education

Stephanie Miles-Richardson, DVM, PhD

Associate Dean, Graduate Education in Public Health
Director, Master of Public Health Program
Professor and Chair, Department of Public Health Education

Closing Remarks
Joseph A Tyndall, MD, MPH

Benediction
Rev. Marvin L. Crawford, MD, MDiv

Staggered Dismissal
Joseph A Tyndall, MD, MPH

Students dismissed by academic program.

Recessional "Soar"

Words and music by Jerry E. Peters

Instrumental

Lawrence Edward Wineski, PhD

Chair and Professor, Department of Pathology and Anatomy

Lawrence E. Wineski, PhD, has served at Morehouse School of Medicine since 1983, when he joined the institution as an assistant professor in what was then called the Department of Anatomy. Dr. Wineski became Chair of the current MSM Department of Pathology and Anatomy in 2014, where he is also a professor.

Dr. Wineski earned a bachelor's degree in Biological Science from California State University at Fullerton, a master's degree in Biological Sciences with an emphasis on Ecology and Systematic Biology at San Francisco State University, and his doctorate in Anatomy, focusing on Functional and Evolutionary Morphology, from the University of Illinois Medical Center, Chicago. His postgraduate training includes work at the University of Illinois Medical Center, Chicago, University of Michigan, and the State University of Groningen in the Netherlands. He also spent a sabbatical year as a Visiting Professor in the Emory University School of Medicine Department of Cell Biology.

During his long tenure at Morehouse School of Medicine, Dr. Wineski has taught dozens of courses to students in the Doctor of Medicine and Graduate Education in Biomedical Sciences (GEBS) programs and has been frequently acknowledged with faculty appreciation and excellence in teaching awards. He has played an integral role in the development of courses for MSM students and residents, and has served the institution on dozens of committees, including a current appointment to the Leadership Council. Dr. Wineski also mentors MSM students and the next generation of healthcare and scientific scholars in metro Atlanta K-12 schools.

He is a member of several professional societies, including the American Association for Anatomy, the American Association of Clinical Anatomists, the International Association of Medical Science Educators, the International Brain Research Organization/World

> Federation of Neuroscientists (IBRO/ WFN), and the International Society of

Morehouse School of Medicine LEARNING COMMUNITIES

A learning community is a group of individuals sharing common goals, values, and ideas that actively engage in learning with and from each other.

Our Quality Enhancement Plan (QEP) project, entitled "Mentoring Students at Morehouse," began in the fall of 2011. The QEP project was developed strategically to align with initiatives to expand the Institution's educational programs and sustain the highest standards of teaching, excellence, and professional competence. Its primary objectives are to train faculty mentors, mentor academically challenged students, and mentor all students through learning communities.

Learning communities are student-led and mentor-facilitated educational sessions that take place in a supportive team environment.

The expected outcomes of learning communities are:

- Improvement of learning outcomes for our students, including skills, grades, scores, and time to degree;
- Development of long-term supportive relationships through mentoring sessions, and
- Development and/or enhancement of faculty members' skills and capacities as mentors.

All Morehouse School of Medicine students are grouped into learning communities.

Medical students (MD) are grouped into the 12 learning communities of Knowledge, Innovation, Compassion, Wisdom, Excellence, Leadership, Integrity, Service, Commitment, Discovery, Equity, and Inclusion.

Students in the Master of Science in Physician Assistant Studies (MSPAS) are placed across three learning communities: Justice, Honor, and Service. Each community is also identified by a corresponding name of a pioneering African-American physician or physician assistant: Richard Smith, MD; Joyce Nichols, PA-C; and Prentiss Harrison, PA-C, respectively.

Graduate students in biomedical sciences are grouped by the degree levels of Doctor of Philosophy in Biomedical Sciences (PhD); Master of Science in Biomedical Research (MSBR); Master of Science in Biotechnology (MSBT), MSBT with Medical Cannabis Therapeutics Concentration, Master of Science in Health Informatics (MSHI); Master of Science in Clinical Research (MSCR); Master of Science in Medical Sciences (MSMS); and Master of Science in Neuroscience (MSNS).

Graduate students in public health are grouped by the degree levels of Doctor of Health Administration (DHA), Master of Administration in Justice-Involved Care (MAJIC) and the Master of Public Health (MPH) students also participate in learning communities that are grouped by life stages.

MERIT SCHOLARSHIPS

Merit scholarships are awarded to students who display exceptional scholastic ability as evidenced in their academic performance. These include scholarships awarded up to four years, conditioned on maintaining high academic standards during matriculation. Extraordinary donors of MSM help enable the school to honor these deserving students. The first-year students awarded merit scholarships in 2023-2024 are listed as follows*:

PRESIDENTIAL SCHOLARS (MD)

Robert Aghoghovbia Joel Martin
Latanya R. Alston Asiah McWhorter
Iulia I. Bradeanu Zion Moore
Lauren E. Bryant Muhammad Numan

WHITE COAT CEREMONY

MEDICAL STUDENT OATH OF SERVICE AND RESPONSIBILITY

As I begin the study of medicine, I do solemnly swear by that which I hold most sacred, that my efforts will be focused on the ultimate goal of serving my future patients. Toward this end, I will conscientiously and cooperatively work with my peers and professors in learning the art and science of medicine. I will regard the patients whom I will encounter in my training, as fellow human beings, and will do everything in my power to preserve their dignity. I will not compromise myself, nor endanger the welfare of my future patients by employing unworthy methods in the pursuit of my education.

I pledge to perform to the best of my ability and to engage in continuous self-evaluation in an effort to address my limitations. I will never hesitate to call upon the assistance of others when indicated.

I recognize that the study of medicine is a life-long responsibility; I pledge to continue to educate myself throughout my career and to constantly engage in a critical re-examination of myself as a rational, emotional, and spiritual human being.

PHYSICIAN ASSISTANT PROFESSIONAL OATH

I pledge to perform the following duties with honesty and dedication:

I will hold as my primary responsibility the health, safety, welfare and dignity of all human beings.

I will uphold the tenets of patient autonomy, beneficence, non-maleficence and justice.

I will recognize and promote the value of diversity. I will treat equally all persons who seek my care.

I will hold in confidence the information shared in the course of practicing medicine.

I will assess my personal capabilities and limitations, striving always to improve my medical practice.

I will actively seek to expand my knowledge and skills, keeping abreast of advances in medicine.

I will work with other members of the healthcare team to provide compassionate and effective care of patients.

I will use my knowledge and experience to contribute to an improved community.

I will respect my professional relationship with the physician.

I will share and expand knowledge within the profession. These duties are pledged with sincerity and upon my honor.

A SCIENTIST'S PLEDGE

I accept this opportunity to follow the difficult and rewarding path of biomedical science and clinical research.

I will endeavor to honor all those who have contributed to this opportunity by always working to the utmost of my abilities and by increasing those abilities when possible.

I will strive to advance fundamental knowledge about all living things.

I pledge to use my energy, intellect and education to enhance the lives of all mankind, understanding that often the greatest strides are made through efforts to assist the dispossessed and underprivileged in our world.

I will carefully consider and remain mindful of the ethical implications of my work.

I will never use my gifts and skills to intentionally harm any individual, or group.

In planning and carrying out my work, I will treat this planet and all its life forms with honor and respect.

I will honor and respect the efforts of my teachers, taking great care always to give credit where credit is due and always humbly understanding that all that I see, I see by standing on the shoulders of the many scientists who have gone before me.

I will also honor and respect my students and all who rely on that which I have learned, striving to truthfully and openly disclose all my methods, findings, and conclusions

So long as I adhere to this pledge, may I have continued success in the field of biomedical science and clinical research.

International Declaration of Health Rights

Health requires peaceful and equitable development and collaboration of all peoples.

The enjoyment of the highest attainable standard of health is one of the fundamental rights of every human being. It is not a privilege for those with power, money, or social standing.

Health is more than the absence of disease, but includes prevention of illness, development of individual potential, a positive sense of physical, mental, and social well-being.

Health care should be based on dialogue and collaboration between citizens, professions, communities, and policy makers.

Health service should be affordable, accessible, effective, efficient, and convenient.

Health begins with healthy development of the child and a positive family environment.

Health must be sustained by the active role of men and women in health and development. The role of women and their welfare must be recognized and addressed.

Health care for the elderly should preserve dignity, respect, and concern for a sustainable environment with balanced human populations growth and preservation of cultural diversity.

Health depends on the availability to people of basic elements: Food, safe water, housing, education, productive employment, protection from pollution, and prevention of social alienation.

Health depends on protection from exploitation without distinction of race, religion, political-belief, economic or social condition.

OATH: WE as people concerned about health improvement in the world do hereby commit ourselves to advocacy and action to promote the health rights of all human beings.

NATIONAL ANTHEM

The Star Spangled Banner

Francis Scott Key

Oh, say can you see by the dawn's early light

What so proudly we hailed at the twilight's last gleaming?

Whose broad stripes and bright stars thru the perilous fight,

O'er the ramparts we watched were so gallantly streaming?

And the rocket's red glare, the bombs bursting in air, Gave proof

through the night that our flag was still there.

Oh, say does that Star - Spangled Banner yet wave

O'er the land of the free and the home of the brave?

"SOAR"

Jerry E. Peters

Solemnly, we are poised to pursue Our journey to that privileged place Humbly, we will answer to our call As we walk through these hallowed halls of hope For with our hearts, willed to serve by commitment And with our minds built to solve mysteries Though we seem bound for one endless destination Yet we will boldly spread our wings as we soar to the highest place of dreams Proudly, we will stand forever tall As we face the giants of life Then watch them fall Bravely, we will fight to endure As we seek some earthly cure For all mankind For as we stand on the shoulders of others Whom all have graced this noble place from ages past We know with God on our side We can broadly take our strides As we soar to the highest place of dreams As we soar to the highest place of dreams As we soar to the highest place of dreams

Soar Morehouse, Soar

LIFT EV'RY VOICE AND SING

James Weldon Johnson

Lift ev'ry voice and sing

'Til earth and heaven ring,

Ring with the harmonies of liberty,

Let our rejoicing rise

High as the list'ning skies,

Let it resound loud as the rolling sea.

Sing a song full of the faith that the dark past has taught us;

Sing a song full of the hope that the present has brought us;

Facing the rising sun

Of our new day begun,

Let us march on 'til victory is won.

GENERAL INFORMATION 2023

CONVOCATION & WHITE COAT AND PINNING CEREMONY MOREHOUSE SCHOOL OF MEDICINE

Platform Party:

Dr. Valerie Montgomery RicePresident and CEO

Dr. Joseph Adrian Tyndall

Executive Vice President for Health Affairs and Dean

Reverend Dr. Marvin Crawford

And Thank You to Our Friends:

Balloons Over Atlanta & Event Visions, Cafe 720, Royal Petals Atlanta, Perfect Image and KreativTouch Group.

We have made every effort to provide a complete and accurate listing of information.

Please accept our sincerest apologies if we have made a mistake or omission.

Morehouse School of Medicine exists to:

- Improve the health and well-being of individuals and communities
- Increase the diversity of the health professional and scientific workforce
- Address primary health care through programs in education, research, and service

With emphasis on people of color and the underserved urban and rural populations in Georgia, the nation, and the world

MSM recognizes Constitution Day during its Fall Convocation activities. This day commemorates the formation and signing of the U.S. Constitution by 39 brave men on September 17, 1787, recognizing all who are born in the U.S. or by naturalization have become citizens.

720 Westview Drive SW Atlanta, Georgia 30310-1495
